Phase 2 — Budget

Plaid bank sync, transaction management, budgets, subscriptions, savings goals, cash flow, net worth.

✓ Complete

🏦 Plaid Integration

Connect real bank accounts via Plaid Link. Sync transactions with cursor-based incremental updates. Supports checking, savings, credit, investment accounts.

💳 Transactions

Full transaction list with search, category filter, pagination (25/page). Categories: 14 built-in (Food, Shopping, Transport, Entertainment, etc.). Income/expense color coding.

📊 Budget Tracking

Set monthly budgets per category. Visual progress bars — green/amber/red states at 0/80%/100% spend. Over-budget alerts. Budget health overview on dashboard.

🔄 Subscriptions

Auto-detected recurring charges from transaction history. Shows monthly/annual cost, last charge date, merchant name. Helps identify forgotten subscriptions.

🎯 Savings Goals

Create goals with name, emoji, color, target amount, and optional due date. Track progress with ring chart. Dashboard shows top 3 goals with progress bars.

📈 Cash Flow Chart

6-month bar chart showing income vs spending side by side (Recharts). Net cash flow calculation. Drill-down to category breakdown with donut chart.

API Routes
