Phase 5 — Analytics

Personal analytics engine: mood trends, journal frequency, budget breakdown, savings progress, net worth, cash flow.

✓ Complete

😊 Mood Chart

Area chart (Recharts) showing daily mood over the selected month. Gradient fill with indigo/violet. Dots on each entry. Hover tooltip with date + mood label.

📓 Journal Frequency

Bar chart showing entries per week/month. Streak counter (days in a row with entries). Grace period: streak doesn't reset at midnight if you haven't written yet today.

💰 Budget Breakdown

Pie/donut chart showing spending by category. Recharts PieChart with custom legend. Hover shows category + amount + % of total spending.

🎯 Savings Progress

Card showing all savings goals with progress bars, current/target amounts, emoji labels, and completion percentage. Color-coded per goal's chosen color.

📊 Net Worth Card

Sum of all linked bank account balances. Shows individual account breakdown. Updates on each Plaid sync.

💸 Cash Flow Chart

6-month stacked bar chart: income (emerald) vs spending (rose). Each bar shows month label. Net cash flow line overlay. Powered by Recharts ComposedChart.

Overview API

Single aggregated endpoint for dashboard stats:

GET	`/api/analytics/overview`	totalSpentThisMonth, avgMoodThisMonth, journalEntriesThisMonth, netWorth, journalStreak, upcomingReminders
GET	`/api/analytics/mood`	Daily mood entries for selected month
GET	`/api/analytics/journal`	Journal entry counts by week/month for frequency chart
GET	`/api/analytics/budget`	Category spending totals for pie chart
GET	`/api/analytics/savings`	All savings goals with progress data
GET	`/api/analytics/cashflow`	Monthly income vs spending for last 6 months

Dashboard Quick Stats

The main dashboard (`/dashboard`) shows a condensed view powered by the same APIs:

Net Worth

Sum of all linked accounts

Monthly Income

Negative-amount transactions (credits)

Monthly Spending

Positive-amount transactions (debits)

Net Cash Flow

Income – Spending, surplus/deficit label

Cash Flow Bars

Last 6 months income vs spending inline mini-bars

Top 5 Categories

Horizontal bars, sorted by spend amount
